

Every 2 hours someone is paralysed by a **Spinal Cord Injury** in the UK.

4,700

new injuries occur every year in the UK.

105,000

people currently living with a SCI in the UK.

12

injuries occur every day in the UK.

We exist to cure paralysis

50+

Over 50 PhD studentships funded. Many now running world-class research labs.

120

120 of the worlds leading researchers attended our Network Meeting.

£2.2m

Over 2.2 million pounds invested in research over the last few years.

4,700 people are
injured or diagnosed
with a spinal cord
injury every year.

Every two hours someone
in the UK will sustain a
spinal cord injury.

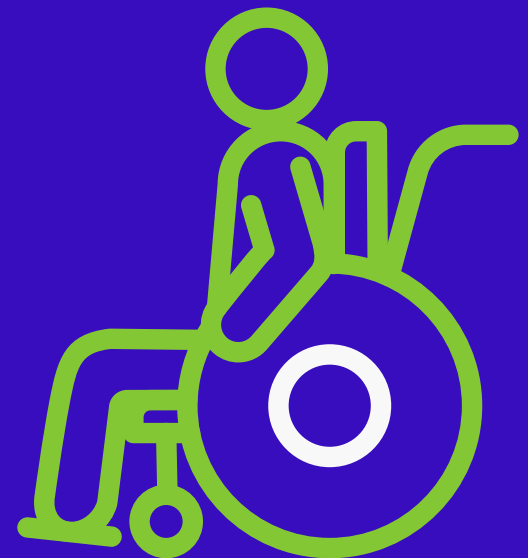

Over **105,000**
people are
living with a
spinal cord
injury in the
UK.

Every two hours someone in the UK will sustain a spinal cord injury.

4,700 people are injured or diagnosed with a spinal cord injury every year, not 2,500 as previously estimated.

Over **105,000** people are living with a spinal cord injury in the UK.

Together,
we can
cure
paralysis.
